

# Health, Safety and Environment Training Courses

Course Name	Code
Developing an Effective Safety Culture	73
Industrial Hygiene	80
Safety Management Best Practices	91
Marine Pollution and Management	370
Sustainability, Energy and Change	376
Advanced Health & Safety Management	423
Safety in Process Design	242
OSHA in Professional Safety and Health	643
IOSH Managing Safely	66
Environmental Monitoring and Modelling: Environmental Management Systems	75
ADVANCED SAFETY AUDIT (ASA)	85
Scaffolding, Rigging & Lifting: Safe Handling, Operation & Supervision	74
Organisational Resilience	372
Advanced Occupational Safety and Health Administration	374
International Fire Incident Investigation	425
Based Occupational Safety	671
Prevention and firefighting systems ,Evaluation of advanced risk management	547
Evaluate the performance of supervisors in accordance with the safety standards (OSHA)	646

الجودة الأوروبية  
EUROPEAN QUALITY

Safety Compliance & Site Inspection (Professional Health & Safety )	90
Industrial Hygiene & Occupational Health	367
Lead Auditor ( ISO 45001 )	810
Lead Auditor ( ISO 14001 )	811
Occupational Safety and Health Act (OSHA)	812
NEBOSH IGC Certification Preparation Course	873
Laboratory Quality Risk Management-Tools & Techniques	846
Working & Safety in Chemical Laboratory, Preparation & Take Sample Workshop	396
Safety Engineering & Risk Assessment	644
Energy Management System (BS EN 16001/ISO 50001 Development and Implementation)	68
Contamination and Hazardous Wastes Management and Prevention	69
Human Error Analysis & Prevention	70
Level 4 Award in Health & Safety in the Workplace	77
Alarm Management	79
HSE LEADERSHIP	81
Marine Security Management and Control as per ISPS Code	82
Confined Space Awareness and Compliance: Safe Work Practices for Confined Space Entry	83
Advanced Process HAZOP	84
Advanced Process Risk Assessment & Risk Management	86
Energy, Carbon and the Environment	87
Climate Change & Emissions Trading Services	88
Environmental Management Certificate	89

الجودة الأوروبية  
EUROPEAN QUALITY

Process Safety Management Compliance	92
Internal Auditor ( ISO 45001 )	809
Chemical Spills,Safety Precautions & Response Action	365
Leading Under Pressure	368
Safety Case Development & Application	373
The Security Officer Development Programme Developing Practical Skills & Techniques	377
Developing and Effective Safety Culture	421
Safety Technology & Risk Management	422
Occupational safety and health, evaluation, inspection and reporting	731
Advanced Search and Rescue	557
Security and Health Professional Safety	645
Associate Safety Professional (ASP) Preparation Course	942
Safely Working with Radioactive Materials ( Radiation Safety )	712
Safety Supervisor Role	794
Advanced Safety Leadership	824
Environmental Decision Making: A Systems Approach	845
NEBOSH HSE in Process Safety Management Certification Preparation Course	880
Substation Safety	577
Accident and Fire Prevention in Critical Facilities	902
The Comprehensive Program on OSHA and NFPA	642
