# Mechanical & Electrical Engineering Training Courses

Course Name	Code
Fundamentals of Mechanical Technology	18
Transport of Solids: Hydraulic & Pneumatic Conveying	30
Value Engineering Skills	256
AC Electrical Motors & Drives Troubleshooting, Maintenance & Protection	359
Fundamentals of Chemical Engineering Process Plant Start up and Commisioning	378
Pumps, compressor and turbine: Selection, Operation & Maintenance	387
Electrical Installations & Maintenance: Design, Inspection/Testing, Maintenance and Resilience	399
Instrumentation Engineering Practices for Facilities Personnel	404
Well Design and Engineering	407
Electrical Faults: Causes, Analysis, Detection & Remedies	414
Introduction to High Voltage Equipment and Power Systems	567
Reactive Power Management and Power Factor Correction	570
Root Cause Analysis and Corrective Actions	571
Safe Handling, Operation and Maintenance of Electrical Equipment in Hazardous Areas	573
Process Instrumentation: Process Control & Loop Tuning	621
SOLAR ENERGY PROJECTS MANAGEMENT	649
Skills of preparing, drafting and writing technical and engineering reports	668

Safety Instrumentation & Emergency Shutdown Systems	575
Road Construction Materials and Construction Technologies	711
Advanced Materials for Construction and Repair of Concrete	713
Electrical Power Systems for Non Engineers	776
Introduction to Technical Drawing	827
Calibration Technology	828
Metrology Applications	830
Technical Report Writing Skills	831
Process Plant Troubleshooting & Engineering Problem Solving	393
Advanced Protective Relaying for Electrical Power Systems	580
Smart Grid for Non Engineers	775
Electronic Leak Location Testing	1013
Electrical distribution network, operation and control	406
Fundamentals of Chemical Engineering	27
Review of architectural designs and characterization of materials	656
Protection of Electrical Power Systems	569
Fundamentals of Renewable Energy	724
Instrument Drawing, Reading and Understanding	1011
(ISO 50001 ) Developing and Implementing an Energy Management	240
Servo Motor Technology	395
Root Cause Failure Analysis	525
Electrical Engineering Practices for Facilities Personnel	572
Electrical & Instrumentation Design, Installation & Operation	723
Safe Isolation of Plant and Equipment	574

الجودة الأوروبية  
EUROPEAN QUALITY

System Earthing and Protective Earthing in Utilities and Industrial Electrical Networks	579
Electrical wiring and cables in distribution networks	669
GPRS Technical Overview	581
High Voltage Test Techniques	578
